- Responsible for the testing, troubleshooting, and repair of data communication lines and computer equipments

2018-7 - 2019-3 **Repair Tech ltd**

- building or configuring new hardware, and creating and maintaining computer networks
- Software/hardware troubleshooting on PC and/or Apple Mac
- worked as a new branch manager at Cambridge, and taking charge of daily issues

2017-11 - 2018-6 **Mobile Muster**

- Meet with customers to determine the problem with the phone probable causes and type of repair needed
- Perform body repairs such as repairing a cracked or scratched screen or replacing buttons on the keypad
- Creating database schema that represent and support Client business processes
- Designing and developing mobile responsive website, optimizing and maintaining commercial websites.

2017-5 - 2017-8 **KC Partners LTD.**

- Worked as a Linux Systems Administrator, standard administration of FreeBSD servers. Deploying software in a secure, scalable and maintainable manner.
- Deploying and maintaining the websites in the product environment, monitoring the network data.
- Maintaining internal group network, and resolving daily computer issues and new machines deployment and other standard desktop duties.

2016-4 - 2017-5 **3A IT SOLUTIONS LTD.**

- Worked as a Web Developer, which was involved in website page building.
- Built a CMS based on the Laravel framework for the team.
- Produced the front end framework by the blueprint of the designer.

Skill List

- **Web Development:** PHP / Java SE
- **Web Framework:** Laravel / WordPress / Magento2
- **Front-end Framework:** Vue2 / Bootstrap / JQUERY
- **Front-end Tools:** Gulp / Webpack / Sass / Less
- **Database-related:** MySQL
- **Version Management and Automated Deployment Tools:** Svn / Git / Composer
- **Cloud Service:** AWS
- **Operation System:** FreeBSD / Centos / Ubuntu
- **Runtime Environment:** Apache / Nginx
- **Other Tools:** Axure RP / Ps / Ai / Premiere

Highlights

- **Excellent communicating skills** were gained through the teamwork with CTO and designer, and also proved by the satisfactory UX.
- **Exceptional cooperation and coordination abilities** were indicated by the implementation of code specifications as well as clear annotating the front-end code.
- **High degree of self-learning skills** could be demonstrated by the development of full-stack website by myself, e.g. establishment of a blog CMS.
- **Proved time-management** as indicated by tasks accomplishment as needed.

Education

2016-2 - **Major: IT Multimedia Level 7**
2017-6   Tasman International Academies, New Zealand
